

Response from Claire Upton-Brown – 17 January 2025

Hi Jeremy

The Council has served a series of Enforcement Notices over the last 3 months on this site. The last series were served the week before Christmas, Council officers needed Police presence to serve the Notices. Further breaches were identified during the serving so further Notices are being prepared and arrangements are in place with the Police to support officers during the serving of these Notices.

The ward members are being kept fully informed on this matter.

Claire
